EDGE™ Housing

1 rack unit, holds up to 12 EDGE modules or panels

CORNING

EDGE™ HD solutions are high-density preterminated optical cabling solutions offering industry-leading connector density. With unprecedented finger access, there is no need for additional tools enabling faster moves, adds and changes (MACs).

Features and Benefits

Universal wired components
Enable moves, adds and changes without polarity concerns; provide a simple migration path between 2-fiber and parallel optic applications

Revolutionary drawer-style hardware
Offers unprecedented finger access while achieving the highest port density in the market

Rotatable trunk strain relief parking plates
Allows for rear cable entry direction, as well as the traditional side cable entry

Padlockable hasp on rear cover
Allows for customer provided padlock and enhanced security
